RS1024K-24L-8S-4S-10G-M3

L2/3 MANAGED SWITCH

Product Overview

L3 managed Ethernet switch with 24 Gigabit RJ45 ports, 8*1.25G SFP slots and 4*10G SFP+ uplink ports. 248Gbps switching bandwidth, 184.512Mpps forwarding rate. Supports ring network (ERPS), SNMP, QoS, LACP, VLAN, stackable management and PoE function. CE/FCC certified, ideal for enterprise and campus network distribution.

Product Highlights

- 24 Gigabit RJ45 Ports: 10/100/1000Mbps auto-sensing copper connections.
- 8*1.25G SFP Slots: Fiber uplink for ring network and long-distance transmission.
- 4*10G SFP+ Uplink: High-speed 10G fiber backbone connection.
- Ring Network Support: ERPS ring topology for network redundancy and reliability.
- 248Gbps Bandwidth: 184.512Mpps forwarding with 16K MAC address table.
- CE/FCC Certified: Full management features including SNMP, QoS, LACP, VLAN, Stackable, PoE.
